Dear Parent

This is to express my profound appreciation to all those parents who have shown their explicit faith and solidarity in the school by coming forward to pay the tuition fees of their ward(s). Without your unflinching support, it would not have been possible to run the school during this financial crunch. Keeping in view the impassioned plea made by some parents, the school management has decided to extend the last date for fee payment by 31 Aug 2020.

The school endeavours to stand by parents and students in this hour of need and assures seamless quality instruction through structured online classes, assignments and assessments.

Best wishes

Dear Parent

During this time of social distancing we want to ensure that each of our students continue to have access to high-quality curriculum transactions and assignments. Hence the school delivered instructions through a virtual learning environment and I need to thank you profusely for the support and cooperation to ensure the success of our efforts! Furthermore, the ensuing Unit Tests from 04 August will help us to review and gauge your ward's learning. Assuredly, the school was on the vanguard of continuing its education during this time of crisis too.

Moreover, this is to inform you that the school has specially appointed the Accounts team to collect the tuition fees up to 10 August 2020. You may use the school ERP for making payment online.

I assure you that our students will blossom to their full potential with the earnest efforts of the teachers and the infinite learning experience offered.

Best wishes

Dear Parent

The unprecedented crisis arising out of the spread of the highly infectious novel corona virus has changed the world scenario. Be assured that our children are powerful agents of change and the next generation who'll emerge unscathed. Keep the kids engaged and feeling upbeat. We also ensure safe school operations after school reopening.

Furthermore, Delhi Public School Raipur Management has initiated an earnest and sensitive decision that there will be no fee hike for the academic session 2020-21. The fee structure will remain same as 2019-20.

I hope you understand that 95 per cent of expenses of a private school are fixed costs like salary of teachers, drivers and conductors and school support staff which directly comes from the fees only. At this juncture, salary cuts for teachers and staff, are unthinkable.

Sanguinely, this havoc will pass soon. Till then let's remain safe indoors.
